MISSION

Our mission is to surround students with a community of support, empowering them to stay in school and achieve in life.

Our goal is simple. Put students at the center. Surround them with a caring community of support. And create access to critical resources, like food, healthcare, counseling, enrichment opportunities, and academic assistance, so they can take charge of the future they want for themselves, their communities, and each other.

WHO WE ARE

We are resource navigators, youth advocates, and community organizers. We are here to break down barriers so that all students, regardless of race, gender, zip code, or socio-economic background, can write their own version of a success story.

WE NEED YOU IN THE FIGHT FOR EDUCATIONAL EQUITY

Together we can support more kids.

WE'RE CALLING ON YOU...
